### HAVENS COMPLETES FLIGHT TO DETROIT

Only Man to Finish in Airboat Race From Chicago—Made 200 Miles in One Day and Claims Record.

DETROIT, July 19.—Beckwith Havens completed a flying boat trip from Chicago to Detroit, shortly before 4 o'clock Friday afternoon. He followed the route planned for the Chicago to Detroit aviation cruise and covered 966 miles. It is said to have been the most remarkable trip ever undertaken by flying boats.

Havens after leaving Chicago on the 8th, reached Macatawa Bay, Mich., on the evening of the 9th. Heavy winds and a rough sea held him there until the 11th. That day he flew northward to Pentwater, where a storm and damaged machine delayed him until the 14th. That day he got as far north as Charlevoix. On the 15th after Francis and Martin had decided to withdraw from the contest, Havens started out again and made what he claims to have been a record flight for a single day. He flew nearly 200 miles and spent the night near Point Lookout, 40 miles north of Bay City, on the shore of Lake Huron.

He was again held up by heavy winds and a rough sea on the 16th, but on the 17th he got as far south as Port Sanilac, north of Port Huron. Friday he easily made the flight from Port Sanilac to Detroit, about 100 miles.

When Havens reached Detroit, he was given an enthusiastic reception at the Detroit Motor-boat club.

**BERRIEN SPRINGS.** Mrs. Karl Kaiser, formerly Miss Anna Slater of this village, came Wednesday to spend the day with her parents, Mr. and Mrs. Frank Slater, and on her arrival found a number of friends and relatives waiting to greet her. Berger of Baroda, Fundy E. Shouly of Benton Harbor, Byron Benson, principal of the Fairplain schools, and James L. Adams of Coloma, who has been hired as superintendent of the local schools. Mr. Adams has been a successful teacher for the past 13 years and holds a teacher's life certificate.

The annual county picnic of the L. O. F. lodge will be held here in the Indian fields on Wednesday, July 30. Many prominent speakers will be present and will give short addresses. A large crowd is expected.

At the meeting of the school board of district No. 1, C. M. Niles was elected to take the place of Henry Kephart, whose term expired. ### SIX DIE FROM THE HEAT IN INDIANA

INDIANAPOLIS, July 19.—Six deaths and numerous prostrations in Indiana Friday were the result of the heat wave in which this state has sweltered for three days. Four persons were drowned while seeking relief in swimming pools, another was overcome and died on board a ferry boat, and a negro crazed by heat was drowned.

Princeton was officially the hottest spot in the state with 105 degrees. Evansville's government thermometer registered 102 but the street level kiosk showed 112. In Indianapolis the maximum was 90 while tonight the mercury had receded to 76.

A negro roustabout went insane from heat while working at Evansville and was drowned in the river. At Cannelton, William Snowden, mate on ferry boat K. & L., was overcome by heat and died. ### HURRY TO COMPLY WITH ORDINANCE

Chief's Order is a Good Thing According to Dealers in Bicycle Sundries.

ELKHART, Ind., July 19.—After Police Chief Northrup had issued orders Friday afternoon to arrest all bicyclists on and after tonight who had not equipped their wheels with lamps and bells, Elkhart's bicycle sundry stores did a record breaking business and by 7 o'clock it was estimated that 300 lamps and as many bells had been sold.

The enforcement of the city ordinance, which had long been a dead letter, is due to a recent accident in which an aged citizen was run down and seriously injured on a dark thoroughfare by a cyclist whose identity was not learned.

A number of Elkhart business men who ride their wheels to and from the business district, a distance averaging from six to eight blocks, have expressed their opposition to the enforcement of the ordinance. In the

language of one of them, "It is an absurdity to ask us fellows—tired and weary after the day's work, to get lamps, take the trouble to light them for such a short distance, and then take a chance on burning down our woodsheds or homes because we forgot to blow them out."
